Dissertation/Thesis Checklist

Please use this checklist to ensure that you have completed all the necessary steps

Have you submitted an electronic copy of your dissertation/thesis to your committee members? *(at least five days prior to defense)*

After making revisions, have you emailed your dissertation/thesis to Dr. Jan Lacina?

Have you submitted your FINAL dissertation/thesis in the TCU Library using the following link? http://www.lib.tcu.edu/submit-thesis-or-dissertation.asp

If you don't want your dissertation/thesis to be immediately accessible online, you can specify an "embargo" period -- this is one of the options on the Proquest/UMI submission form. The default maximum is two years, but **you can restrict access for more than two years by selecting the "Until the following date" option and entering the date you would like the embargo to end.**
